Hi all,

\$2K to crawl up there and replace the battery is a little steep (get it?).

Can we get another bid to consider?

It is our major signage in the District, but \$2K is too much just to light it up at night.

Thanks!

Ron

FYI, we had the sign repaired/serviced back in 2012 by Ultrasigns Inc. (see attached).

Hi all,

That sign has not been on in months. We suspect the battery backing up a solar cell has failed. Shall we investigate getting a bid or two to replace/fix this problem? The power source has been problematic in the past.

Thanks,

Ron Groeper

Thanks John, the photo is a bit dark. Is our HMD tall gateway sign's lighting not on at night? (image attached)
